PHOTO SHARING CONSENT FORM

Children love to have their photo taken and we enjoy documenting what happens in our program classrooms! It is fun for children to look back and remember fun moments, time spent with friends, what they learned, explored, and created at preschool. Our staff would love to share these photos with you so you can see what is happening at Harbour Preschool.

This consent form gives Harbour Preschool staff permission to take photos of your child while at the program. Please know that these photos will only be displayed at the Preschool and shared with Harbour Preschool families from time to time. At no time will your child's identity be made known or their face shown on any social media or internet posting by Harbour Preschool. The photos sent to you are for your personal use only and you may only share your own child's pictures as you see fit. Please refrain from sharing any photos of other children on social media. There will be some photos that contain only your child, and others will have multiple children in them. Harbour Preschool will ask for specific permission for use of any photos for advertising purposes. You may decline any photos being taken of your child if you prefer. Please speak to the Director if you have any concerns.
